ACTION

AMENDMENT TO THE ARTICLES OF INCORPORATION OF THE COMPANY TO INCREASE THE AUTHORIZED NUMBER OF COMMON SHARES, IMPLEMENT A FORWARD SPLIT OF 5:1 AND CHANGE THE NAME OF THE COMPANY TO NATIONAL WASTE MANAGEMENT HOLDINGS, INC.

On July 2, 2014, the Company's board of directors adopted a resolution declaring it advisable to amend the Company's articles of incorporation to change the name of the Company to National Waste Management Holdings Inc., to approve a forward stock split of the common capital stock of the Company at a ratio of 5:1, and to increase the authorized common stock of the Company to 250,000,000 shares. On July 23, 2014, the Company received a written consent in lieu of a meeting of stockholders from 1 holders of 7,468,500 shares of Common Stock (representing 62.24% of the issued and outstanding shares of Common Stock) approving the Action. A copy of the Articles of Amendment are attached as Appendix A hereto.

Purpose of the Action

On June 6, 2014, Kopjaggers Inc. (the "Company") the Corporation has entered into a Plan of Merger Agreement with our subsidiary Sandland Aquisition Corp. and Sand/Land of Florida Enterprises, Inc., resulting in Sand/Land of Florida Enterprises, Inc. becoming a wholly owned subsidiary of the Corporation. The intention was for Kopjaggers, Inc. to acquire Sand/Land of Florida Enterprises, Inc. in exchange for 9,494,000 shares of the Corporation. Pursuant to the Merger Agreement, the Board of Directors advises that the Corporation should undergo a forward stock split equal to 5:1 of the common stock of the Corporation, and to increase the authorized from 20,000,000 shares to 250,000,000 shares. Further, because the company's subsidiary merged into a waste management company; the Board finds it in the best interest of the Corporation to change the name of the Corporation from Kopjaggers, Inc. to National Waste Management Holdings Inc. These actions require shareholder consent. The name change is a strategic decision and is intended to have the Company's name better reflect the product and business of the Company. It is the belief of the Board and of the voting shareholders that the name "National Waste Management Holdings Inc." better represents the underlying products and services of the subsidiary holding. In addition, it is the belief of the Board and the consenting shareholders that a forward split of the common stock will make the Company more attractive to capital investors.

In consideration of the new direction of the Company, the Board of Directors recommends that the Company to change the name to "National Waste Management Holdings Inc." and to implement a forward stock split of the common capital stock of the Company at a ratio of 5:1. Additionally, as we require additional availability of the common stock to accommodate the forward split and for possible future issuances, the Board has recommended and the shareholders have consented to increasing the authorized from 20,000,000 to 250,000,000.

The increase in authorized share capital will not have any immediate effect on the rights of existing shareholders. However, the Board of Directors will have the authority to issue authorized shares of common stock without requiring future approval from the shareholders of such issuances, except as may be required by applicable law or exchange regulations. To the extent that additional authorized shares of common stock are issued in the future, they will decrease the existing shareholders' percentage equity ownership interests and, depending upon the price at which such shares of common stock are issued, could be dilutive to the existing shareholders. Any such issuance of additional shares of common stock could have the effect of diluting the earnings per share and book value per share of outstanding shares of common stock of the Company.

The Company has no current plans, proposals or arrangements to issue any of the additional shares that will become authorized share capital of the Company pursuant to the increase in authorized shares, except for the proposed forward split.

In regards to the forward split, the Company will not issue any certificates representing fractional shares. Any fractional shares will be rounded to the nearest whole share. This forward stock split will not affect the current par value per share. The newly issued common stock pursuant to the Forward Split will be fully paid and non-assessable. This forward stock split will increase the number of issued and outstanding common shares from 12,000,000 to 60,000,000 common shares. Prior to the forward split, the Company needs to increase the number of authorized shares, as addressed above.

The Board has determined that share liquidity would be enhanced by having additional shares held by the Company's shareholders. The forward split will not affect the company's stockholders' equity as reflected on our financial statements, except to change the number of issued and outstanding shares of common stock. There can be no assurance, nor can the Board of Directors of the Company predict what effect, if any, these change, include the forward stock split will have on the market price of the Company's common stock.

There are no plans, proposals or arrangements to issue any additional shares that will be available after the forward stock split.

Effective Date of the Amendment

The Articles of Amendment of the Company will become effective upon the filing of the certificate of amendment to the Company's articles of incorporation with Secretary of State of the State of Florida and approval by FINRA. Pursuant to Rule 14c-2 under the Exchange Act, the foregoing Action may not become effective until a date that is at least 20 days after the date on which this Information Statement has been mailed to the stockholders of the Company.

Dilution and Effect of Action on Shareholder Rights

The general effect upon the rights of the existing security holders as a result of the forward split will not have any overall dilution of the Company's stock, however, the inherent effects that increasing the Company's outstanding common stock has on shareholder value based on the dilutive impact of the additional authorized shares. The Company has no specific plans to issue shares of common stock beyond the forward split described herein. Specifically, we have no intention or plans to enter into a merger, consolidation, acquisition or similar business transaction at this time. However, shares of authorized and unissued common stock could be issued (within limits imposed by applicable law) in one or more transactions not yet contemplated. Any such issuance of additional stock could have the effect of diluting the earnings per share and book value per share of outstanding shares of common stock, and such additional shares could be used to dilute the stock ownership or voting rights of a person seeking to obtain control of the Company. If the Board of Directors deems it to be in the best interests of the Company and the stockholders of the Company to issue additional shares of common stock in the future from authorized shares, the Board of Directors generally will not seek further authorization by vote of the Stockholders, unless such authorization is otherwise required by law or regulations.

One of the effects of the increase in authorized share capital, if adopted, however, may be to enable the Board of Directors to render it more difficult to or discourage an attempt to obtain control of the Company by means of a merger, tender offer, proxy contest or otherwise, and thereby protect the continuity of present management. The Board of Directors would, unless prohibited by applicable law, have additional shares of common stock available to effect transactions (including private placements) in which the number of the Company's outstanding shares would be increased and would thereby dilute the interest of any party attempting to gain control of the Company. Such action, however, could discourage an acquisition of the Company which the shareholders of the Company might view as desirable. The Company currently has no additional anti-takeover mechanisms or protocols within our governing documents or otherwise and there are no plans or proposals to adopt other provisions, amend any charters or bylaws of the Company or enter into other arrangements that may have material antitakeover consequences.

Dissenters' Right of Appraisal

Under Florida law and the Company's articles of incorporation and bylaws, no stockholder has any right to dissent to the forward split, and no stockholder is entitled to appraisal of or payment for their shares of Common Stock pursuant to the Action.

No Meeting of Stockholders Required

The Company is not soliciting any votes with regard to the Action. The principal stockholders that have consented to the Action hold a majority of the total issued and outstanding shares of voting capital stock and, accordingly, such principal stockholders have sufficient shares to approve the Action.

TRANSACTIONS WITH RELATED PERSONS, PROMOTERS AND CERTAIN CONTROL PERSONS

The Plan of Merger, referenced herein, generally, signed by the Company on June 6, 2014 was countersigned by Charles Teelon who is the controlling and voting shareholder approving this Action.

PROPOSALS BY SECURITY HOLDERS

No security holder has requested the Company to include any additional proposals in this Information Statement.

INTEREST OF CERTAIN PERSONS IN OR OPPOSITION TO MATTERS TO BE ACTED UPON

No officer, director or director nominee of the Company has any substantial interest in the matters to be acted upon, other than his role as an officer, director or director nominee of the Company. No director of the Company has informed the Company that he intends to oppose the proposed actions to be taken by the Company as set forth in this Information Statement.
