GENERAL INFORMATION

In this Information Statement we refer to National Waste Management Holdings, Inc., a Florida corporation, as the “Company,” “we,” “us,” or “our.”

This Information Statement is furnished by the Board of Directors (the “Board”) of National Waste to inform the stockholders of actions already approved by written consent (the “Written Consent”) as of April 15, 2015 (the “Record Date”) by the majority voting stockholders, Charles Teelon, Louis Pavgelio and Jeff Chartier (the “Majority Voting Stockholders”). As of the Record Date, the Majority Voting Stockholders of record held 57,450,000 shares of our common stock, no par value (the “Common Stock”), which represents approximately 95.75% of the total stockholder voting power as of the Record Date.

Action by Written Consent

The following actions were approved by the written consent of the holders of a majority of our outstanding voting stock as of the Record Date, which we refer to as the Written Consent, in lieu of a special meeting:

- To file a Certificate of Amendment to our Articles of Incorporation (the “Articles of Incorporation”) to authorize 10,000,000 shares of Company’s preferred stock, no par value per share (the “Preferred Stock”), with such rights, preferences and limitations as may be set from time to time by resolution of the Board.

The Preferred Stock Authorization is more fully described in the accompanying Information Statement. The Written Consent was in accordance with the §607.0704 of the Florida Business Corporation Act, our Articles of Incorporation and our bylaws, each of which permits that any action which may be taken at a meeting of the stockholders may also be taken by the written consent of the holders of a majority of the voting power to approve the action at a meeting. This information statement will be mailed on or about May 26, 2015 to stockholders of the Record Date.

Pursuant to the Written Consent on April 15, 2015, the Majority Voting Stockholders approved the Preferred Stock Authorization to authorize 10,000,000 shares of Company’s Preferred Stock (the “Action”).

RECOMMENDATION OF THE BOARD OF DIRECTORS

ABOUT THE INFORMATION STATEMENT

What is the Purpose of the Information Statement?

This Information Statement is being furnished to you pursuant to Section 14 of the Exchange Act to notify our stockholders of certain corporate action taken by the Majority Voting Stockholders pursuant to the Written Consent. In order to eliminate the costs and management time involved in obtaining proxies and in order to effect the Action as early as possible to accomplish the purposes hereafter described, the Board elected to seek the written consent of the Majority Voting Stockholders to reduce the costs and implement the Action in a timely manner.

Who is Entitled to Notice?

Each outstanding share of Common Stock as of record on the Record Date will be entitled to notice of the actions to be taken pursuant to the Written Consent.

What Vote is Required to Approve the Action?

The affirmative vote of Majority Voting Stockholders of the Company outstanding on the Record Date is required for approval of the Action. As of the Record Date, the Company had 60,000,000 shares of Common Stock issued and outstanding. Each share of Common Stock entitles its holder to one vote on each matter submitted to the stockholders. Because the Majority Voting Stockholders, holding a majority of the voting rights of the Company as of the close of business on the Record Date, voted in favor of the Action, no other stockholder consents will be obtained in connection with this Information Statement.

Do I have appraisal rights?

Neither §607.0704 of the Florida Business Corporation Act nor our Articles of Incorporation or bylaws provide our stockholders with appraisal rights in connection with the Action discussed in this Information Statement.

ACTION TO BE TAKEN

This Information Statement contains a brief summary of the material aspects of the action approved by the Board and the Majority Voting Stockholders.

AMENDMENT TO ARTICLES OF INCORPORATION TO AUTHORIZE 10,000,000 PREFERRED STOCK

The Company's Articles of Incorporation authorized the issuance of up to 60,000,000 shares of Common Stock. On April 15, 2015, the Board of Directors of the Company approved the Certificate of Amendment of our Articles of Incorporation, which is attached hereto as Exhibit A, to authorize the issuance of up to 10,000,000 shares of Preferred Stock, with such rights, preferences and limitations as may be set from time to time by resolution of the Board and the filing of a certificate of designation as required by the applicable state and federal laws.

The Board will file the Amendment with the Secretary of State of Florida. The authorizing of the Preferred Stock will become effective on the date of filing.

Reason for the Action

The Board believes that approving the Preferred Stock Authorization would be in the best interest of the Company and its stockholders in that it will provide the Company with available preferred stock that could be issued for various corporate purposes which may be identified in the future, including acquisitions, stock options, convertible debt and equity financings. The Board also believes that it is in the Company's and its stockholders' best interests to authorize the Action to authorize Preferred Stock to enable the Company to promptly take advantage of market conditions and the availability of favorable opportunities without the delay and expense associated with holding a special meeting of stockholders, as well as to allow, from time to time, it in meeting the obligations the Company has, or may have in the future, to designate and issue shares of Preferred Stock. Although the Company has no other current financing plans, agreements or commitments for financing, if an opportunity should present itself, the Company may designate and issue shares of Preferred Stock in connection with such a financing from time to time.

The Action will provide the Board with the ability to designate and issue Preferred Stock without further vote of the stockholders of the company, except as provided under the appropriate Florida corporate law or under the rules of any national securities exchange on which shares of stock of our company are then listed.

Advantages, Disadvantages and Effects of the Proposed Action

In addition to the foregoing, in our efforts to further our business, our Board may seek to complete additional financings in the near future. At this time we do not have any plans to issue any additional shares. However, if and when we do determine to pursue an additional financing or business transaction, having authorized Preferred Stock available for designation and issuance in the future may give us flexibility and allow such shares to be issued without the expense and delay of another stockholder meeting. At this time, the Preferred Stock Authorization is not related to any plans or intentions to enter into a merger, consolidation, acquisition or similar business transaction.

Further, there are certain advantages and disadvantages of the Action. The advantages include, among others, the ability to raise capital by issuing capital stock under the transactions described above, or other financing transactions, and to have shares of our capital stock available to pursue business expansion opportunities, if any. The disadvantages include, among others, the issuance of additional shares of our capital stock could be used to deter a potential takeover of us that may otherwise be beneficial to stockholders by diluting the shares held by a potential suitor or issuing shares to a stockholder that will vote in accordance with our Board's desires. A takeover may be beneficial to independent stockholders because, among other reasons, a potential suitor may offer such stockholders a premium for their shares of stock compared to the then-existing market price. We do not have any plans or proposals to adopt provisions or enter into agreements that may have material anti-takeover consequences.

Authorized, but unissued shares of Preferred Stock, may be used by the Company for any purpose permitted under Florida law, including but not limited to, paying stock dividends or granting conversion rights to our Common Stock to stockholders, raising capital, providing equity incentives to employees, officers, directors, and service providers, and entering into transactions that the Board believes provide the potential for growth and profit. Although, except as discussed hereof, we presently have no plan, commitment, arrangement, understanding or agreement to issue shares of Preferred Stock (except pursuant to employee benefit plans or outstanding derivative securities), the Company may, in the future, issue Preferred Stock in connection with the activities described above or otherwise.

The Preferred Stock Authorization will not have any immediate effect on the rights of existing stockholders. However, as discussed above, if the stockholders approve the proposed amendment, our Board may cause the designation and issuance of Preferred Stock without further vote of our stockholders. These future issuances may have dilutive effect to our current common stockholders and may cause a reduction in the market price of our Common Stock. In addition, as discussed above, the proposed amendment could, under certain circumstances, have an anti-takeover effect, although this is not the intention of this Action. For example, in the event of a hostile attempt to obtain control of the Company, it may be possible for the Company to endeavor to impede the attempt by issuing shares of Preferred Stock with conversion rights to our Common Stock, which would dilute the voting power of the other outstanding shares and increasing the potential cost to acquire control of the Company. The proposed amendment therefore may have the effect of discouraging unsolicited takeover attempts, potentially limiting the opportunity for our stockholders to dispose of their shares at a premium, which is often offered in takeover attempts, or that may be available under a merger proposal. The proposed amendment may have the effect of permitting our current management, including the current Board, to retain its position, and place it in a better position to resist changes that stockholders may wish to make if they are dissatisfied with the conduct of our business. However, our Board is not aware of any attempt to take control of the Company, and our Board has not presented this Action with the intent that it be utilized as a type of anti-takeover device.

While the Action may have anti-takeover ramifications, the Board believes that the financial flexibility offered by such corporate actions will outweigh the disadvantages. To the extent that these corporate actions may have anti-takeover effects, third parties seeking to acquire us may be encouraged to negotiate directly with the Board, enabling us to consider the proposed transaction in a manner that best serves all of the stockholders' interests.

Dissenter's Rights of Appraisal

Neither of §607.0704 of the Florida Business Corporation Act nor our Articles of Incorporation or bylaws provide our stockholders with dissenters' or appraisal rights in connection with the Action discussed in this Information Statement
